FROM THE KALKOENTJIE CORNER...

Dear members, there has been requests for a few past time favourites like The Dagwood, Prego Roll and Mince and Egg.

In order to cater for everyone and to keep our food wastage to a minimum we will have these items available for you on a pre order bases.

All non-menu items will have to be pre ordered before your Tee Time so that we have efficient time to prepare.

As of Saturday, the 13th we will also be introducing a What's App ordering service. The objective will be to ensure that all players food has been prepared before entering the Halfway House, and to reduce the waiting period so that you have more time to enjoy your meal.

We will position the boards strategically near the 18th yellow marker on approach after completing the 17th Hole, and between hole 8 and 9 so that it is visible for all markers.

We encourage that you make use of this service so that we can be more efficient at the Halfway House.

Please feel free to message me for any menu suggestions you may have via email to foodandbev@krgc.co.za

In the interim:

1. Please save the number 064 940 9530 to your contacts or...
2. To order all you have to do is type "Hi"
3. A kiosk staff member will forward you the menu as well as the daily special.
4. Reply by sending your order, and we will get started on your order.

Please feel free to message me for any menu suggestions you may have via email to foodandbev@krgc.co.za

Die Horingtjies Fundraising Golf Day... Wessel Ritter Cause

HOPE FOR WESSEL

Personal message...

This is about our son, Wessel Ritter, who was diagnosed with Vanishing White Matter Disease.

Wessel is a beautiful 11-year-old little boy, who lives in Cape Town, South Africa. He was diagnosed with a terminal illness, Vanishing White Matter Disease, a rare brain disease that destroys myelin, the brain's white matter. There are only two reported cases of this illness in South Africa, and around plus/minus 235 worldwide. There is currently no cure or treatment for Vanish White Matter Disease, and we do not know the time frame or lifespan of this degenerative disease for our Wessel.

Since his diagnosis in 2015, our lives have completely changed. He is no longer able to walk, lost many of his motor skills, uses a wheelchair/special-needs pram, he cannot eat or drink on his own and he does not have the ability to use the toilet so he needs to wear diapers. He has a feeding tube for his feeding. Over the past three years, there has been serious degeneration of his body, muscles and nerves.

In April 2019 Wessel had his first blackout which was later diagnosed as "silent epilepsy". In May 2019 he fell after having an episode/blackout and was badly injured. He hit his head and was in a semi-coma. After that everything just went downhill with his body, because of the head injury the White Matter in the brain was destroyed even quicker. He needs constant help and cannot be left alone. His eyes have also been affected and as a result of the abnormality of the eye nerves (light-sensitive).

I (his mother) left my work at the end of 2021 to be with Wessel at home full-time, because he cannot attend school anymore, he needs 24/7 care.

With this illness Wessel have lots of pain, he recently went to the pain clinic Paedspal, and they increased his pain medication and he is also on morphine.

We just take it day by day and enjoy the time we have with him. Wessel is a little ray of sunshine that smile always in spite of all his challenges. He already touched so many people's life's.

Visit Wessel's Facebook page Hope for Wessel for how he is doing and to see updates.

A Big Thank You:

We just want to thank Kuilsrivier golf club, Die Horingtjies for raising money for Hope for Wessel.

We really were surprised and there aren't enough words to thank each and everyone that was part of this fundraising.

Just know you are making a big difference in Wessel and our life's with this big contribution.

Thank you from our hearts to yours. Johan, Ellen and Wessel. 🙏❤️🙏
